rainmate®

use & care instructions

! IMPORTANT: To maintain proper operation of your RainMate, be sure to follow all use and care instructions.

1. Use only Rainbow brand fragrances in the RainMate. Use of other liquids or oils may cause damage to the RainMate.
2. Ensure that the RainMate is kept out of the reach of children.
3. Do not overflow the water basin.
4. The RainMate should not be used in confined areas, such as closets.
5. In certain areas, tap water is extremely hard, containing higher-than-normal concentrations of various minerals. In such cases, use only distilled or demineralized water to avoid residue accumulation in water basin.
6. When your RainMate is not in use, clean and thoroughly dry all parts and store in a cool, dry location. Do not store with water in water basin.
7. Do not clean the RainMate in dishwasher.
8. Do not operate any fan with a damaged cord or plug. Discard fan or return to an authorized service facility for examination and/or repair.
9. Do not run cord under carpeting. Do not cover cord with throw rugs, runners, or similar coverings. Do not route cord under furniture or appliances. Arrange cord away from traffic area and where it will not be tripped over.

1. Unravel cord before use. Always disconnect cord from power outlet before removing top or when your RainMate is not in use.
2. Remove top and place upside down or on side on flat surface. Do not set on pump. Rinse basin, then fill to molded fill line on water basin with cool, clean water.
3. Add approximately one capful of Rainbow fragrance or Fresh Air solution to water basin. The amounts used can be adjusted to individual preferences, but it is recommended to start sparingly and add small amount until the desired intensity is achieved. For proper deodorizing/aromatizing, ensure the water basin is filled to the molded fill line.
4. Replace RainMate top. Ensure top is fully seated and does not tilt or move when positioned on the water basin.
5. Place RainMate in a safe position on the floor, table or other secure, flat surface. Cord should be out of the way and the RainMate in a stable position where it cannot be tipped over.
6. Plug RainMate power cord in appropriate power outlet.
7. **Daily Maintenance:** Always disconnect power cord at electrical outlet before cleaning or filling. Empty water basin, rinse and wipe clean. If residue develops in water basin, increase cleaning frequency and see special note on extremely hard water.

UPUTSTVO ZA KORIŠĆENJE I ODRŽAVANJE

! VAŽNO: Kako biste održali ispravan rad vašeg uredaja RainMate-a, sledite sva uputstva za korišćenje i održavanje.

1. Pre upotrebe kabl razmotrajte. Uvijek izvucite utikač iz utičnice pre uklanjanja poklopca ili kada ne koristite RainMate.
2. Uklonite poklopac i stavite ga naopak ili na stranu na neku ravnу površinu. Ne postavljajte ga na pipak. Isperite posudu, zatim je napunite do označene linije čistom, hladnom vodom.
3. Dodajte približno jedan čepić Rainbow mirisa ili Fresh Air rastvora u posudu s vodom. Količinu možete prilagoditi individualno, ali se preporučuje započeti štedljivo, i dodavati u manjim količinama sve dok ne postignete željeni intenzitet. Za ispravno dezodorisanje/aromatiziranje, proverite da je posuda za vodu napunjena do označene linije.
4. Vratite poklopac na RainMate. Proverite da je poklopac dobro naseo i da se ne naginje ili pomiče kada ga stavite na posudu s vodom.
5. RainMate postavite na sigurno mesto na podu, stolu ili drugoj sigurnoj i ravnoj površini. Kabl mora biti izvan prohodnih područja, a RainMate u stabilnom položaju u kojem se nije moguće preko njega saplesti.
6. RainMate illuminate ima prekidač I i II za jače i slabije svetlo. Utaknite utikač uredaja RainMate u prikladnu utičnicu.
7. **Dnevno održavanje:** Uvek izvucite utikač iz utičnice pre čišćenja ili punjenja. Ispraznите posudu s vodom, isperite i obrišite je. Ako se u posudi stvore naslage, uredaj čistite češće i pogledajte posebnu napomenu za izrazito tvrdvu vodu.
